

### Overview

---

The collection's primary function is to support research and teaching programs in the area of Japanese society and culture and Japanese language based on the research interests of the Japanese Studies Department. In addition the collection supports affiliated researchers in this area study through multiple disciplinary fields of anthropology, history, film studies, linguistics, religion, popular culture studies, sociology and international relations, particularly related to the historical and contemporary relationships between Japan, Hong Kong and China.

### Subject areas supported

---

Subject areas include: Japanese society, culture, history, and Japanese language.

Research focus areas include: Social and cultural issues of modern Japan; Economic, cultural and historical inter-relationships between Hong Kong, China and Japan; and pre-modern and modern Japanese history.

The department offers B.A., M.A., M.Phil., Ph.D. degrees.
